 - Run initial response activities out of EOC
 - Working under ICS for all incidents
 - Be prepared to provide your capabilities

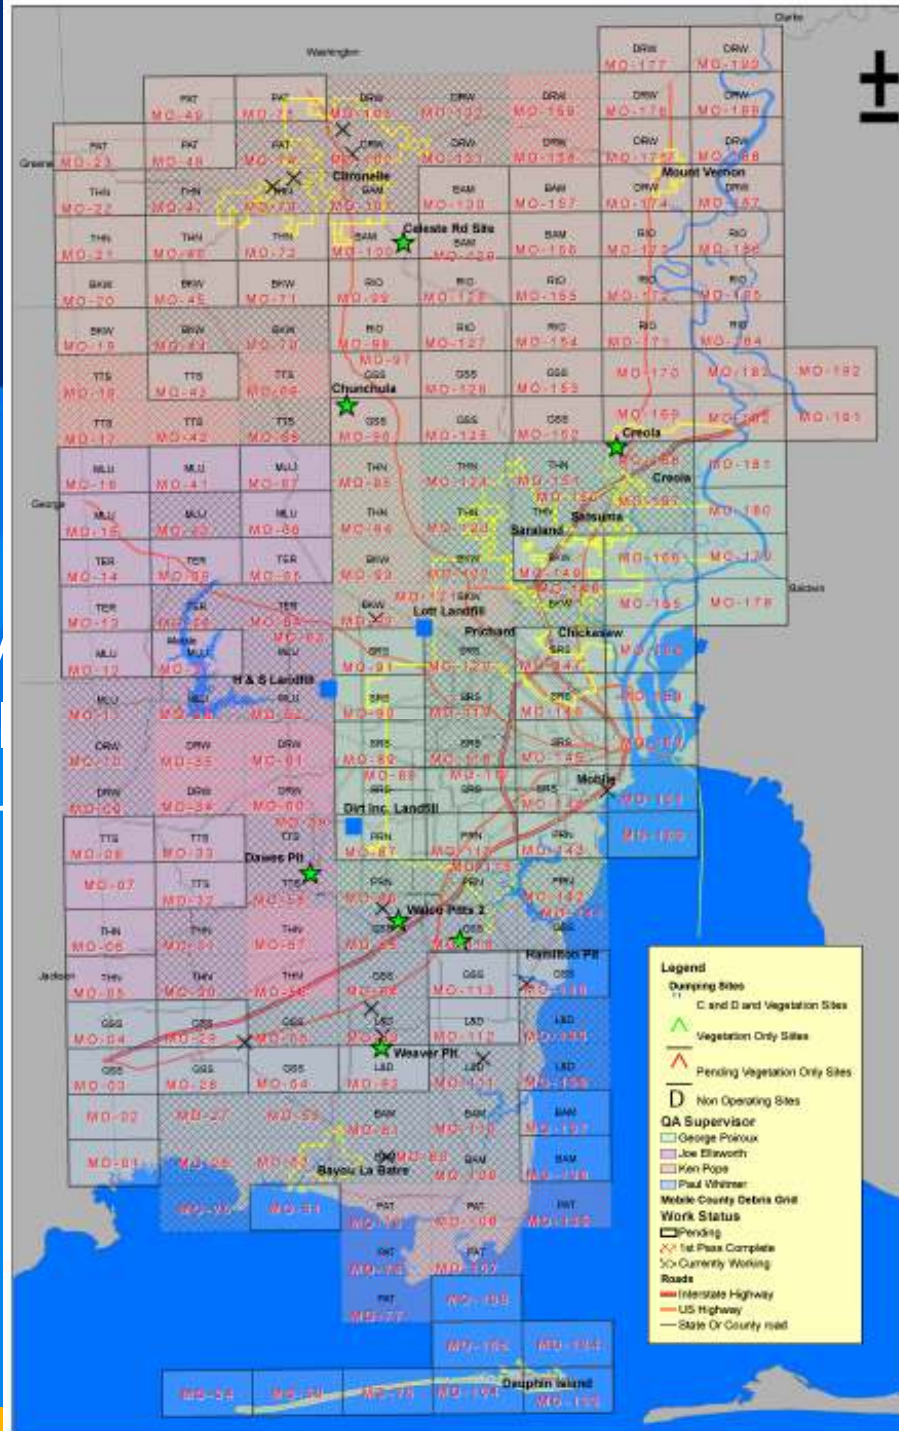

FEMA

- Working with FEMA
 - JFO Established
 - Link up with Safety Officer
 - Participate in scheduled meetings
 - Safety Committee Involvement

- USACE is
- Primary
- Typical
- Coordin
- Obtain

EPA

- Primary focus is environmental issues
 - Typically establish their own EOC
 - Coordinate with their field staff
 - Obtain data and information from them

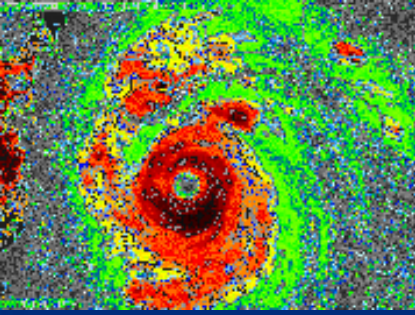

OSHA

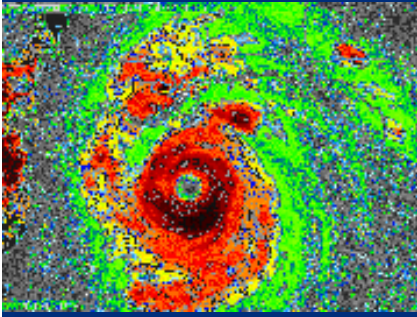

- Safety Coordinator for all involved in the response
 - May establish EOC or work at JFO
 - Safety Committee Role
 - Non-enforcement preferred
Enforcement possible
 - Typically Local office will provide response

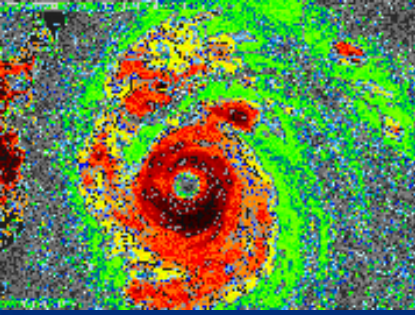

Safety Committee

- Forum to deal with safety and health issues
- Only as good as participants
- Open forum discussions
- Immediate response to needs
- Coordinated effort

JFO Involvement

- Decision making environment
- All agencies represented
- Numerous meetings daily
- Prevents miscommunication
- Can be very effective

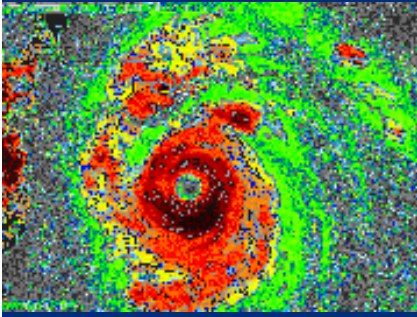

We Must be Prepared

Planning takes time...

Unlike the emergencies we respond to

Final Thoughts

- Stay flexible
- Keep up on what is happening
- Don't take any issues for granted....

Safety and Health Add Value

To Your Business
To Your Workplace
To Your Life

To Your Emergency Response
